Timothy Leacock
Computers for Africa

██████████
Omaha, NE ██████████

Dear Sir,

As per your request Computer Renaissance has determined fair market values for the following computer systems and peripherals in the December Computers for Africa shipment to Kampala, Uganda:

Each Computer System with Monitor is valued at \$90

210 Pentium Computer Systems: Pentium Computer Systems with Monitor, 64 MB RAM, 540 MB to 2 GB Hard Drive, Ethernet network card, keyboard, mouse, and Windows 95 with license and software applications manual. Eighteen of these are parts only in a "Support kit."

Each Printer is valued at \$20

40 Dot Matrix Printers: Panasonic and Epson

Each network hub values at \$20

42 Ethernet Network Hubs: - 10 Mbps; 4, 8, 12, or 16-port

LaserWriter Printer with spare cartridge values at \$100

1 LaserWriter Printer: - with spare printer cartridge

Total Fair Market Value for all the items above is: **\$20,640.**

Computer Renaissance is a nationally recognized chain of stores that has been buying and selling used computer technology in the USA for over ten years.

Sincerely,

Jitu Suthar, President
Computer Renaissance, Omaha
